The adviser has contractually agreed to limit the Fund's ordinary operating expenses to an amount not exceeding 1.25% of the Fund's average daily net assets until at least May 1, 2021.

The Fund's year-to-date underperformance compared to the S&P 1500[®] Index was due primarily to these factors: 1) poorly performing energy-related holdings in the Fund, 2) weakness in small-cap stocks, and 3) underperformance of value stocks compared to growth stocks.

The main contributors to year-to-date performance included Remy Cointreau UNSP ADR (+68%), Barrick Gold Corp. (+54%), Rosetta Stone, Inc. (+49%), A.O. Smith Corporation (+33%) and Pan American Silver Corporation (+32%).

The main detractors from performance included Devon Energy Corporation (-49%), Texas Pacific Land Trust (-36%), Madison Square Garden Sports (-36%), Valvoline, Inc. (-24%) and Frontdoor, Inc. (-21%).

During the third quarter, the Fund did not initiate any new positions. Existing positions that were added to during the period include: American Airlines, Inc., Apache Corporation, Pioneer Natural Resources Company and Valvoline, Inc.

Two stocks were liquidated from the portfolio during the quarter: Rosetta Stone, Inc., which agreed to be acquired by a private equity firm, and Formula One Group based upon its price reaching our estimate of intrinsic value.

Thank you for being a shareholder in the Schwartz Value Focused Fund.

This Fund is a non-diversified fund. Because the fund may invest in securities of smaller numbers of issuers, the Fund may be more exposed to the risks associated with and developments affecting an individual issuer than a fund that invests more widely. This may, therefore, have a greater impact on the Fund's performance. Performance can be affected by market and investment style risk. Mutual Fund investing involves risk and principal loss is possible. The Fund's investments in small- and mid-capitalization companies could experience greater volatility than investments in large-capitalization companies.
